POWERUP WHAT WORKS
powerupwhatworks.org

How PowerUp Can Support Your Blended PD

COMPONENT	SUGGESTED USES FOR BLENDED PD
ELA or Math Instructional Strategy Guide *http://powerupwhatworks.org/page-puww/powerup-your-classroom*	
Overview and slide show with embedded questions	• Read short introduction • View slideshow • Reflect on/answer embedded questions • Discuss responses
Teach with Tech	• Review the strategies • Use "Differentiate the Strategy" worksheet to generate ideas about how to further differentiate using technology tools • Discuss suggestions • Make a plan to implement with students • Explore TechMatrix (www.techmatrix.org) to find supportive technology tools • Explore related blogs and resources on PowerUp • Report out to colleagues
Lesson in Action	• Read the lesson • Discuss using prompting questions (see "Scavenger Hunt" handout) • Create lesson plan using "At a Glance" • Share lesson plan with colleagues • Implement lesson plan • Report back to colleagues about what worked and what could be stronger • Explore related blogs and resources on PowerUp Report out to colleagues
Quick View	• View the short video • Reflect on/answer/discuss embedded questions • Discuss how the technology can be supportive
Supporting research	• Explore related blogs and resources on PowerUp • Share pertinent information with colleagues

COMPONENT	SUGGESTED USES FOR BLENDED PD
Integrating Technology[i]	• Tech Tips • Technology Research Briefs
Formative Assessment[ii]	• Review materials • Create a short formative assessment
Tech Matters Blog[iii]	• Read the blog or related blogs • Follow embedded links • Create a plan to use any of the suggested ideas • Share with a colleague • Post a comment
Resources[iv]	• Explore • Select relevant resources • Try out ideas • Report on how they worked
Supporting Research[v]	• Browse • Select what is relevant
Archived Webinars[vi]	• View webinar • Discuss key issues
TechMatrix[vii]	• Search for tools • Share with others • Link to instructional strategies • Report on use
